

# EQUINOX

# QUOTE REQUEST FORM

ISSUE 2

NOW INCLUDES  
**equinox**<sup>VEGA</sup>

2020

## QUOTE/ORDER PROCEDURE

To request a quote for an Equinox tiled roof, fill out the quote request form and email to [equinox@deeplas.co.uk](mailto:equinox@deeplas.co.uk)

We endeavour to return your quote within 1 hour\* (excluding weekends and bank holidays).

Please allow longer for complex orders or portals.

If any alterations are required, please email back the quote we have provided highlighting the changes.

DO NOT sign this. A new confirmation will be prepared for you to re-check and sign.

When you are happy that everything on the confirmation is exactly as required, sign it and email back to [equinox@deeplas.co.uk](mailto:equinox@deeplas.co.uk). The signed confirmation constitutes your final approved order and the production paperwork is produced from this.

Any alterations made after you have returned the signed confirmation may be subject to charges.

Equinox roof kits will be delivered direct to you in 5 working days from date of order. If you have requested a specific delivery date, every effort will be made to accommodate your needs and we will contact you in writing to confirm of any issues.

**01773 842336**

**[equinox@deeplas.co.uk](mailto:equinox@deeplas.co.uk)**

\* applies to quote requests received between 8:30am-17:00 Monday-Friday

If in any doubt at any stage, call the Deeplas Conservatory Roof Department

		Your email			

Please illustrate an accurate roof survey below, including rafter spacings, all host wall positions and how the roof is situated against them. If bi-fold doors are being specified, clearly indicate the locations and respective widths so additional support can be advised on. **All dimensions to be internal frame.**

ROOF PLAN

### FRAMEWORK DETAIL

An accurate frame thickness is needed to ensure the ring beam overhangs the framework correctly. Any full height brick piers or full height brick walls should be clearly noted, as a mixture of frame thicknesses can be catered for.

- 70mm
- 60mm

Other  
Please specify

**Eaves height**  
Including dwarf wall (mm)

The Deeplas Equinox tiled roof system has LABC, LABSS and JHAI certification, but is likely to be subject to Building Control approval. It is the installer's responsibility to go through the proper channels to meet requirements. Deeplas holds no responsibility if this advice is not followed. (LABC achieved with SlateSkin GRP sheet tiles, composite slate tiles and steel tiles). (LABSS achieved with composite slate tiles and steel tiles, SlateSkin GRP sheet tiles pending).
