Bookmarks	4,610	The bound-in bookmark is 200mm tall by 50mm wide, and printed and laminated front and back. Only available for ASIAFRUIT's July/August edition, it is an eye-catching way of reaching readers as well as thousands of visitors to Asia Fruit Logistica. For example, it can be used to announce your stand number and exhibitor details, highlighting your company to those attending the show. For other editions, a mini bookmark printed with your own design clips to the top of any page. The mini bookmark is detachable and magnetic, which makes it a useful gift that readers will want to keep and re-use.
Brochure on page		
With full page	4,400	The brochure on page adds value to traditional print advertising. You can affix a small, light brochure to a full page or half page advertisement, so that readers can remove it and keep your details to hand. We can also design the brochure for you, for an additional fee.
With half page	3,586	
Belly wrap		
To specific page	4,610	Our belly wraps offer an extremely direct method of talking to readers. The wraps consist of detachable strips of paper printed with your message and wrapped around the magazine. To read the issue, the wrap must be removed; this guarantees the message will be seen. The wrap can also be inserted into the magazine, taking readers directly to your article or advertisement.
Standard	4,436	
Fold-out covers	5,344	In order to have a major impact on readers, you can attach a full-page advert to the front cover, with a further double-page spread of advertising on the reverse. We will also flag the presence of your fold-out on the front cover itself.
Fold-out pages		
Double (three pages)	4,436	Fold-out pages offer as many as five full pages of standard advertising to publicise your latest product, service or development. Compared with standard page advertisements, the rate per page is excellent value and the format guarantees a big impact on readers.
Triple (five pages)	5,344	
Fold-out map	4,559	Sent out with ASIAFRUIT to all subscribers, the fold-out map is a stunning, high-quality A1 sheet that can be used to demonstrate key information such as production areas, supply routes or trade data – at the same time promoting your company brand, products and services. The pages on the reverse side can also be used.
Bound-in card		
A4	4,610	Made from a heavier weight of paper, the bound-in card can be placed anywhere in an issue so that the magazine opens directly to it. The 4-colour, double-sided piece of A4 or A6 card can be laminated and/or perforated, allowing it to be removed with ease. It is an excellent way, for example, to publicise an event by supplying a reply card, or it can be used as a brochure outlining product info and special offers.
A6	3,644	
Magazine inserts		
On page	2,853	Inserting your own company brochure or flyer into an issue of ASIAFRUIT is a simple but effective way of placing extended company information in our readers' hands. For an additional charge, we can also design your promotional material for you.
